Neuroprotection and Neurogenesis: Focus on Alzheimer’s disease and Chemotherapy-Induced Peripheral Neuropathy

March 26th, 2013

Location: Hémicycle du Conseil Régional d’Alsace, 1, place Adrien Zeller, STRASBOURG

09.00 Registration
09.30 Welcome address
  Prof. Guy A. Mensah-Nyagan,
  Coordinator of the Consortium Neuro-Rhine
  Jean-Marie Belliard,
  Conseiller Régional et Président du Groupe de travail du programme INTERREG IV Rhin supérieur

10.00 CONFERENCE SESSION 1
  (Chair: Prof. Bart De Strooper, Leuven, Belgium)
  10.00 Alzheimer’s disease in Alsace: therapeutic management, medical monitoring and clinical investigation: Dr. Frédéric Blanc (Strasbourg, France)
  10.30 The neuropsychology of mild cognitive impairment and dementia in light of the new diagnostic criteria: Prof. Andreas Munsch (Basel, Switzerland)
  11.00 Cognition and Alzheimer-like neuropathological hallmarks in APP mouse models: Dr. Chantal Mathis (Strasbourg, France)
  11.30 Coffee Break

11.45 PLENARY LECTURE 1
  (Chair: Prof. Guy A. Mensah-Nyagan, Strasbourg, France)
  11.45 The challenge of finding medication for Alzheimer Disease: Prof. Bart De Strooper (Leuven, Belgium)
  12.40 Lunch

14.30 CONFERENCE SESSION 2
  (Chair: Prof. Monfred Schmitt, Saarbrücken, Germany)
  14.30 Chemotherapy-Induced Peripheral Neuropathy: Diagnosis, clinical pattern and therapeutic challenge: Prof. Guido Cavalletti (Milano, Italy)
  15.00 Neuroprotective effects of allopregnanolone in animal models of chemotherapy-induced painful neuropathy: Prof. Guy Mensah-Nyagan (Strasbourg, France)

15.30 CONFERENCE SESSION 2
  (Chair: Dr. Thomas Kremer, Hofmann-La Roche, Basel, Switzerland)
  15.30 Regulation of adult neurogenesis: Prof. Hans-Dieter Hofmann (Freiburg, Germany)
  16.00 Physical activity, cognitive functions and neurogenesis: Dr. Tara Walker (Dresden, Germany)
  16.30 Screening for neurogenic compounds as therapeutic approach: Dr. Thomas Kremer (Roche, Switzerland)
  16.50 Coffee Break

17.10 PLENARY LECTURE 2
  (Chair: Prof. Guy A. Mensah-Nyagan, Strasbourg, France)
  17.10 Development of diagnostic and therapeutic biomarkers of Alzheimer’s disease: Prof. Harald Hampel (Frankfurt, Germany)
  18.05 ROUND TABLE AND CLOSING REMARKS (all speakers and chairpersons)
